

EGO Models

- Highest energy capacity in portable battery devices
- KeepCool™ technology for long service life
- Intelligent energy management
- Industry's fastest charging process

WR 870 EGO	
Brush Drive	EGO PU 2700 E
Battery	56 Volt 12 Ah (not included)
Charger	56 Volt 700 Watt fast charger (not included)
Operating time	Varies depending on the battery used and surface conditions
Brush options	Polypropylene brush Polypropylene-wire mixed fill* Wire brush*
Working width	870 mm
Brush rotation	left/right
Max. area performance	2.500 m ² /h
Brush head height	18 cm (height including brush)
Wheels	pneumatic 260/85 with ball bearings (grooved ball bearings)
Guide wheel / sensor wheel	125 mm solid rubber wheel
Weight	approx. 75 kg
Accessories	Swath former

*WARNING! Wire fill brushes are not suitable for animal stalls.

WKB 430 EGO		WKB 660 EGO	
EGO PU 2700 E	Brush drive	EGO PU 2700 E	
56 Volt 12 Ah (not included)	Battery	56 Volt 12 Ah (not included)	
56 Volt 700 Watt fast charger (not included)	Charger	56 Volt 700 Watt fast charger (not included)	
Varies depending on the battery used and surface	Duration of use	Varies depending on the battery used and surface	
1 single rotating wire brush carrier with 6 strands	Brush	3 rotating brush carriers	
430 mm	Working width	660 mm	
900 m ² /h (depending on degree of contamination)	max. area coverage	1.800 m ² /h (depending on degree of contamination)	
right	Rotation direction of brush	right	
foamed with polyurethane (with grooved ball bearings)	Tires	foamed with polyurethane (with grooved ball bearings)	
Replacement wire strands	Weight	approx. 95 kg	
	Accessory	Replacement wire strands
